TWO-DAY COMPUTER HANDS-ON
CONDITIONS, EXPENDITURES, AND UTILIZATION**

**AHRQ CONFERENCE CENTER
May 11-12, 2011**

WORKSHOP DESCRIPTION

AHRQ will be conducting a two-day workshop to facilitate the use of the Medical Expenditure Panel Survey, Household Component (MEPS-HC) by the health services research community. The workshop, designed for those with an interest in using national health surveys, will be held at the Eisenberg Building, located at 540 Gaither Road in Rockville, Maryland. At this workshop, participants will have the opportunity to bring up specific research questions of interest to them.

Purpose

The purpose of this two-day workshop is to facilitate the use of the Medical MEPS-HC public use medical expenditures and conditions data files by the health services research community by providing both practical information about MEPS files and an opportunity to construct analytic files with the assistance of AHRQ staff. The workshop can accommodate a maximum of **35** participants.

Who should attend?

This workshop is designed for health services researchers who have a background or interest in medical expenditures and conditions. The lectures will include topics such as utilization, estimation, medical conditions file, prescription medicines file, and State estimates. Individuals whose primary interest is in State or local area analyses or clinical research would not benefit from this workshop. Given the nature and pace of the workshop, it would be beneficial for attendees to have some knowledge of SAS.

Program requirements

All participants would benefit from reading the MEPS Survey background for the household component on MEPS Web site prior to attending the workshop. The website provides concise information about the HC survey design and file content. All work on the PCs will be conducted in SAS. Because the main purpose of this workshop is to provide participants with an opportunity to construct analytic files, participants with a working knowledge of SAS will benefit most from the hands-on portion of the workshop. There are SAS examples on the Data Files page on MEPS website. A review of those may be helpful. It is recommended that participants bring their specific research questions to be programmed and answered in order to benefit fully from the day two (computer hands-on) of the workshop. A removable media with the analytical file (in various stages of development) can also be brought to the workshop.

Program description

This workshop will provide a one-day orientation to MEPS utilization, expenditures, and conditions related data products, and one day for hands-on construction of data files on the computers. The first day will consist of lectures on practical information about the survey design, file content, and the construction of analytic files by data users and the knowledge necessary to formulate research plans utilizing the various MEPS-HC files and linkage capabilities. Instructional and reference materials will be distributed and discussed as necessary. All 2008 full-year public use data files will be **available on each participant's PC**. File documentation, codebooks, and the MEPS survey instrument will be available electronically. If participants prefer hard copies of these materials, they can download these from the MEPS Web site and bring to the workshop. Participants will utilize the second day for hands-on constructions of data files and programming their own questions/research problems pertaining to MEPS data. AHRQ staff will be on-site to answer questions and provide programming assistance.

Fax: 301-427-1276

For security purposes, please be prepared to show a photo ID to enter the AHRQ facility.

Participants are responsible for their own travel arrangements, hotel accommodations, and meals. There is a break room at AHRQ with vending machines. There are places for lunch either within walking distance or via the AHRQ shuttle. Directions will be provided at the check-in.

Hotel Accommodations:

There are many hotels within a one-mile radius of the AHRQ building that can be found by searching on the Internet. Some local hotels offer shuttle service to the nearby Shady Grove Metro station and may also offer shuttle service from your hotel to AHRQ. Confirm shuttle arrangements when making hotel reservations.

Ground Transportation:

If you take **METRO** (the subway system for the Washington, D.C., metropolitan area), use the free AHRQ shuttle leaves from the Shady Grove Metro station during the morning at :15 minutes and :45 minutes past the hour starting at 6:45 am and will bring you directly to the AHRQ building. To reach the AHRQ shuttle, turn **left** after exiting the Metro fare gates at the Shady Grove Metro station, go up the escalator—the shuttle will park to your immediate right. If you decide to take MetroBus instead of the AHRQ shuttle, take the route 63 or 66 bus from the Shady Grove station. The AHRQ building is located across the parking lot from the Market Place corner store at the corner of Redland Boulevard and Gaither Road (see the last page for a link to a map of the immediate area).

If you drive, **pay parking** is available at the AHRQ building. The lot is only accessible through the entrance on Gaither Road. Maximum daily cost is \$4.

Driving Directions:

From Baltimore: Take I-95 South to I-495 West. Then follow directions from Prince George's County below.

From Prince George's County: Take I-495 West (toward Bethesda) to the I-270 North exit. Take I-270 North to Shady Grove Road East (Exit 8), immediately bear right to Redland Boulevard. Continue on Redland Boulevard through the traffic light and turn right into the Redland Center parking lot.

From Virginia and South: Take I-495 North to the I-270 North exit. Take I-270 North to Shady Grove Road East (Exit 8), immediately bear right to Redland Boulevard through the traffic light and turn right into the Redland Center parking lot.

From Route 355 South (Rockville Pike): Turn right on Redland Boulevard and turn left at the intersection of Redland Boulevard and Gaither Road. From Gaither Road, turn right into the Redland Center parking lot.

From Frederick County: Take I-270 South to Shady Grove Road East (Exit 8). Travel east about .06 miles and turn right on Gaither Road. Travel south and cross Redland Boulevard. From Gaither Road, turn right into the Redland Center parking lot.
