Note: Definitions and descriptions of the methods used for this survey can be found in the Technical Appendix.

* Figure does not meet standard of reliability or precision.
-- Data suppressed due to high standard errors or few reported values in cell.
Standard errors of zero indicate that all governments in the category are in the survey.
${ }^{1}$ Positive standard errors in some cells are the result of both non-certainty and certainty units in the denominator
Percents may not add to $100 \%$ because of rounding.
